

December Market Wrap

Three selling weeks in December this year with moderate offerings on a National basis allowed the wool market to close out the year on a very positive note.

This week's sale marked the end of the 2015 calendar year. Over the 12 months the AWEX-EMI has finished 206 cents higher, a 19.5% increase which was the largest yearly rise since 2007. The finish to the year was 108 cents lower than its June mid-year peak; however the closing EMI of 1265 was the highest ever finish to a calendar year.
