

# HAMILTON SHEEPVENTION

Damien Meagher and Robert Ellis would like to extend their appreciation to those clients who attended our site in Hamilton on Monday and Tuesday this week at Sheepvention. Both of them were kept on their toes but enjoyed sharing a cuppa and catch up. They do, however, apologize if they missed anyone who did call past as they were, at various times, attending to duties in the ram shed.

# WOOL SALES RESUMPTION

Wool sales resume next week with just under 55,000 bales on offer across all centres. During the recess some strong forward prices were acquired for the late spring and early – mid 2017. This indicates a potentially strong opening to the market.
